Dear Parents,

Thank you for considering Liberty Christian School. Our purpose is to support your efforts to train your children in the “way they should go” (Prov. 22:6). Since we believe that God has a unique purpose and plan for your children, we seek to provide a disciplined yet loving environment in which they can grow and can fulfill that purpose. At LCS, we challenge students to grow in four particular ways: academically, spiritually, socially, and physically. Our Lord and Savior Jesus Christ exemplified these four areas as he “increased in wisdom and stature, and in favor with God and man” (Lu.2:52). Our desire is to help your child to increase in the following ways:

1. **Wisdom** – Our academics not only challenge the intellect, but teach students to apply their knowledge to life’s issues. This gives them a greater appreciation of how and why God made everything and of their role in this world. Our teachers teach with a Christian worldview, using a curriculum that is proven to prepare students for higher education and a productive life.
2. **Stature** – Our athletic and fine arts programs promote a healthy attitude toward self. The discipline and character developed will produce confidence and leadership for the students’ adult lives.
3. **Favor with God** – Our biblical training will point students to a stronger relationship with the Lord. A biblical view of a loving God will be presented not only in chapel and in Bible class, but in all subjects. Students are taught and encouraged to have a regular prayer and devotional time that will produce a fruitful Christian life.
4. **Favor with man** – When we have a healthy relationship with the Lord and understand His love for us, we can have a favorable relationship with others. Our goal for our students is that they would love their neighbor as themselves. This includes treating one another with respect. While none of us will be perfect, we strive to be like Christ in our dealings with others.

If this is the type of education you desire, please complete the enrollment application and submit it to the school office. We will then schedule an interview with you and your child, and we will give your child an entrance test. You will be notified of admission status within a week. The enrollment fee will be due at that time.

We look forward to partnering with you in the education of your children.

Sincerely,
